- 2nd 2 weeks Jan (Dates to work with volunteers)
- 1st 2 weeks March (Dates to work with volunteers)
- 2nd 2 weeks March (Dates to work with volunteers)

V2 Life Dormitory

Buildaid has in past years had a good working relationship with YWAM, Marine Reach and their associated ministries. And so we were pleased to assist the V2 Life organization based in the Teouma Valley, Efate Vanuatu with the building of their new dormitory to house school students for “life experience” in Vanuatu.

The dormitory comprised of sleeping quarters and bathrooms. We were able to complete external cladding, line, tile and fit out the bathroom and toilet areas. A special thanks to plumber Wally from New Zealand

who did SO much to assist with the connection and fit of all the showers, toilets, basins and tapware. We were ably helped by a YWAM team from the Solomon islands

God's plan

Sometimes we can lay down the all sorts of plans for our mission/aid work. Sometimes all goes as we plan - other times things change. God has other plans!! In June this year, Jo was diagnosed with a brain tumor after being admitted to hospital with chronic back pain (the two

were unrelated). Her planned trip back to Vanuatu was put on hold and Ian returned to support her through her brain surgery and rehabilitation. Fortunately, it seems that the tumor is not cancerous but she will have it monitored for a few years to come. Work back in

Vanuatu will resume in late August, but Jo will remain in Australia for the moment.

We just want to thank all of you who have supported the Walter's during this time ; in prayer, visits, messages, cards, flowers and financially. WE ARE SO VERY THANKFUL FOR YOU

EPAU SCHOOL PROJECT

Work continued earlier this year to complete more of the Epau School project. Eave sheets were installed to the recently renovated classroom and bag hooks were also hung. Thanks so much to Rod, Matt, Jenny and Len for your work and support to see the project through.

SUPPORTING THE WORK OF BUILDAID

Buildaid work is funded by the generous gifts of individuals, churches and corporations. These funds go some way to assisting us to commence and complete projects in a timely manner. Funds are used for travel and expenses related to team trips, presentations and directly benefit the work we do. In conjunction with these donations BuildAid seeks assistance from Government Aid agencies such as AusAid & New Zealand aid, and local government departments in the countries where we work. These organizations donate

varying amounts that are used to purchase materials and supplies for our projects. Volunteers donate their time and pay their own way for trips taken.

DONATIONS TO BUILDAID ARE TAX DEDUCTIBLE IN AUSTRALIA
