God's plan update

December 2019

As you may recall from our last newsletter Jo was diagnosed with a brain tumor, underwent brain surgery, a series of injections in her spine and then a time of rehabilitation and rest. Ian returned to Australia to support her through her through all of this, A follow up scan in recent weeks seems to suggest nothing has changed. Praise God. Work in Vanuatu was to resume in late August, but Ian also became quite ill with influenza and had a small surgical procedure to repair a snapped finger tendon. This combined together with our youngest daughter's wedding in early December confirmed our decision to post pone yet again his return until early in the new year.

Upcoming work

Work in January will recommence at the Megamone kindergarten building. Walls, roof and windows will be installed. All being well the classroom will be complete for the beginning of the new school year. We also plan to return to continue work at YWAM near Port Vila.

Ian is currently in Townsville preparing and discussing a large project at their complex. This work will take place in April. YWAM Townsville run a medical ship in Papua New Guinea as well as a training facility for its volunteers. We are happy to be able to support their endeavours

**Wishing you all a happy,
safe and blessed Christmas**
