Our Latest update

In the past few months we have been able to continue working on a local project near Geelong in Victoria. Working alongside Foundation 61 we are building a rehabilitation accommodation centre for women in the Geelong region. Foundations are complete, as is flooring, some brickwork on a section and wall framing on another. Remaining wall frames will be erected very soon.

Recently we told you of our plan to fill a shipping container to send to Vanuatu this month. Unfortunately the (to be) donated container was not seaworthy, so we purchased a 40' one instead. It has been filled with school desks, chairs, electronic whiteboards, donated building materials and a few battery powered tools. This will be shipped early in December and will be heading to the V2 Life Academy school in Port Vila. Once emptied it will be converted into an office building for their staff to use.
